*I have many concerns regarding the Gateway Pacific Terminal.*

*① Reduction in access to waterfront venues (Boulevard Park, Sarabee State Park, etc.)*

*② Long waits at railroad crossings resulting in idling cars/pollution; reduction in EMS access/time; lateness to employment & other activities; air quality at crossings due to trains & coal. I waited for 4 1/4 minutes - much too long!*

*③ Effects of terminal on traffic in surrounding community with resultant air pollution/hassles/fuel consumption; hazards of big ships in an environmentally sensitive area: Herring & eel grass, salmon habitat, orca habitat; toxic diesel fuel of ships in Salish Sea; further pollution of water.*

④ Noise and its effects on residents/workers/animals. Noise affects our mental health.

⑤ Damage to jobs affected by lack of access, and businesses slowed. Economic impact needs to be considered.

⑥ Coal is dirty! We need to encourage alternative energy in the US and abroad.

⑦ Long term - other countries are reducing their reliance on coal - will the terminal then be vacated?

NO MORE BIG SHIPS, COAL USE, DESTRUCTION OF THE ENVIRONMENT. THINK GLOBAL WARMING!
